

The cool fall weather is upon us, so we want to make sure you're armed with the latest information and resources to help others keep energy bills low. This month, we'd like to tell you about a number of upcoming and exciting new program resources.

Three new Portfolio Manager demonstration videos. The latest additions to the Portfolio Manager demonstration video series will be posted in late October and will cover how to create a data request, how to share properties, and how to connect with other Portfolio Manager users. The videos can be viewed and downloaded for use in your presentations via <https://www.energystar.gov/buildings/welcome-energy-star-trainer-community>

New webinar! Energy Treasure Hunts: Simple Steps to Finding Energy Savings, October 8th at 12pm EDT. The Energy Treasure Hunt is a dynamic, effective process for identifying savings opportunities, and a best practice adopted by many ENERGY STAR partners to identify no- and low-cost savings opportunities, and build stronger energy teams. By focusing on energy savings, Energy Treasure Hunts support implementation of an energy management program and key components of EPA's ENERGY STAR Guidelines for Energy Management. [Register here](#) to learn how others have used this tool to find savings, and how to run your own treasure hunt.

New webinar! Verifying the ENERGY STAR Certification Application, October 23rd at 1pm EDT. Do you verify commercial building applications for ENERGY STAR certification? This webinar, based on the ENERGY STAR Guide for Licensed Professionals, covers the role of the licensed professional, as well as requirements for verifying commercial building applications for ENERGY STAR certification. [Register here](#) for the webinar.

We look forward to bringing you news about ENERGY STAR resources and opportunities throughout the fall. Until next time, please direct any questions to www.energystar.gov/buildingshelp. You can also follow us on Twitter at #EnergyStarBldgs.
